*Attorneys for Plaintiff The Travelers
Indemnity Company*

**UNITED STATES DISTRICT COURT
SOUTHERN DISTRICT OF NEW YORK**

THE TRAVELERS INDEMNITY COMPANY,

Plaintiff,

- against -

RED UMBRELLA FUND and STICHTING
MAMA CASH,

Defendants.

Case No. _____

ECF Case

COMPLAINT

Plaintiff The Travelers Indemnity Company (“Travelers”) brings this Complaint against Defendants Red Umbrella Fund and Stichting Mama Cash (“Mama Cash”) (collectively, “Defendants”) for trademark dilution and trademark infringement under federal and state law, and for unfair competition and deceptive trade practices. Travelers alleges as follows:

NATURE OF THE CASE

1. This case is about Defendants’ willful attempt to trade on Travelers’ iconic and famous Travelers Red Umbrella Mark (pictured below), which Travelers or its predecessors in

interest have used, in the same or substantially the same form, since 1960: . For more than 50 years, Travelers has made substantial investments in creating one of the most iconic brands in the United States, and has been recognized as one of “America’s Greatest Brands.” Despite being well aware of Travelers’ rights, however, Defendants chose a virtually identical red umbrella logo (the “RUF Red Umbrella Logo”) and the name “Red Umbrella Fund” (collectively, the “RUF Red Umbrella Marks”) that they are using in an ever-more expansive way in the United States to identify a fund which promotes the rights of sex workers. But merely having a charitable purpose does not give an entity *carte blanche* to use another’s trademark. A side-by-side comparison shows the obvious and striking similarities between the parties’ respective marks.

2. Defendants’ use of a virtually identical logo, along with its Red Umbrella Fund name, in connection with a charitable non-profit is particularly likely to cause confusion and dilution because Travelers not only provides insurance and related products and services, but also is affiliated with a charitable foundation and sustains funding relationships with numerous

nonprofit organizations throughout the United States. Both directly and through the Travelers Foundation, Travelers provides funding for a wide variety of charitable and civic endeavors, all in connection with the Travelers Red Umbrella Mark. The following are current examples of such use from Travelers' website:

3. Travelers has repeatedly asked Defendants to change their RUF Red Umbrella Marks, so as not to so closely resemble the Travelers Red Umbrella Mark, but Defendants have refused to make any changes whatsoever. As a result, Travelers had no choice but to bring this lawsuit to stop Defendants from causing consumer confusion and dilution of the iconic Travelers Red Umbrella Mark.

7. This action arises under the federal Trademark Act, 15 U.S.C. § 1051, *et seq.*, and the related laws of the State of New York. This Court has jurisdiction over the subject matter of this action pursuant to 15 U.S.C. § 1121 and 28 U.S.C. §§ 1331, 1338(a) and (b). Because Travelers and Defendants are citizens of different states and the matter in controversy exceeds \$75,000 exclusive of interest and costs, this Court also has jurisdiction under 28 U.S.C. § 1332. Further, this Court has supplemental jurisdiction over Travelers' state-law claims pursuant to 28 U.S.C. § 1367(a) because those claims are substantially related to Travelers' federal claims.

TRAVELERS AND ITS FAMOUS RED UMBRELLA MARK

10. Travelers has been in business for more than 150 years. It has long been one of the leading providers of a wide range of insurance and related products and services to businesses, government units, associations, and individuals in the United States.

11. Travelers is and for many years has been among the largest writers of personal property and casualty insurance through independent agents in the United States. Its services have been sold for many years in all 50 states under the Travelers Red Umbrella Mark through agents and brokers, direct marketing (including toll-free telephone numbers and Internet websites), and/or salaried employees.

12. Travelers currently uses the Travelers Red Umbrella Mark as its corporate logo and as a trademark. Travelers and its affiliates and predecessors have used the Travelers Red Umbrella Mark shown below or substantially identical versions thereof since 1960.

13. In addition to its common law rights based on the use of the Travelers Red Umbrella Mark as well as other color variations of the umbrella logo, examples of which are shown below (collectively, the “Travelers Umbrella Marks”), Travelers owns numerous valid and subsisting United States trademark registrations for and applications to register the Travelers Umbrella Marks, as shown in the attached Exhibit A. (Copies of the certificates of registrations for these marks are attached as Exhibit B.) The registrations set forth in Exhibits A and B constitute *prima facie* evidence of Travelers’ ownership of and exclusive rights to use the Travelers Umbrella Marks in connection with the services recited in those registrations.

14. Moreover, the following registrations are incontestable and constitute conclusive evidence of Travelers’ ownership of and exclusive rights to use the Travelers Umbrella Marks in connection with the services recited in those registrations: U.S. Reg. Nos. 1,161,313

(); 3,417,048 (); 3,417,049 (); 3,494,647
(); and 3,494,648 ().

15. Travelers also uses, and owns common law trademark rights in, “realistic” versions of the Travelers Red Umbrella Mark in connection with the promotion and sale of its insurance and related products and services, including the examples shown below:

16. Travelers has established considerable and valuable trademark rights and goodwill in the Travelers Red Umbrella Mark by virtue of the long use and registration of that trademark, the substantial promotional and marketing efforts in connection with that trademark, the expenditure of vast sums in advertising and promotional activities in connection with that trademark, the substantial sales of products and services offered in connection with that trademark, extensive publicity and media attention, and third-party acclaim.

17. Revenues generated from products and services sold in connection with the Travelers Red Umbrella Mark over the years have been substantial, including revenues

exceeding \$205 billion since 2008 alone.

18. Travelers has spent many millions of dollars over the years advertising and promoting its products and services throughout the United States under the Travelers Red Umbrella Mark in various media and forms (*e.g.*, television, magazines, newspapers, websites, and sponsorships), including tens of millions of dollars annually in recent years.

19. Travelers has for many years engaged in extensive television advertising prominently featuring the Travelers Red Umbrella Mark to promote its insurance and related products and services. Travelers' television advertisements prominently featuring the Travelers Red Umbrella Mark have for years appeared nationally on network television and major cable television networks, including during popular television shows and other programming such as national sporting events watched by millions.

20. Travelers has also engaged for years in extensive online advertising prominently featuring the Travelers Red Umbrella Mark to promote its insurance and related products and services. Travelers prominently displays its Travelers Red Umbrella Mark on its own websites, including <http://www.travelers.com>, on Travelers' social media sites (*e.g.*, Facebook, Twitter, YouTube, and LinkedIn), and through online advertising on third-party websites.

21. As a result of Travelers' long and extensive use of the Travelers Red Umbrella Mark, and the significant sales, promotion, advertising, publicity and media attention, third-party acclaim, and overall commercial success under the mark, the Travelers Red Umbrella Mark has achieved such widespread public exposure and recognition that it possesses a high degree of distinctiveness and has been well-known and famous among the general consuming public of the United States for many years. Indeed, for several years, the Travelers Red Umbrella Mark has been featured at the U.S. Patent and Trademark Office's National Trademark Expo, along with

other well-known entities and brands such as Microsoft, Mattel and NASCAR.

TRAVELERS' USE OF THE TRAVELERS RED UMBRELLA MARK IN CONNECTION WITH CHARITABLE GIVING AND SERVICES

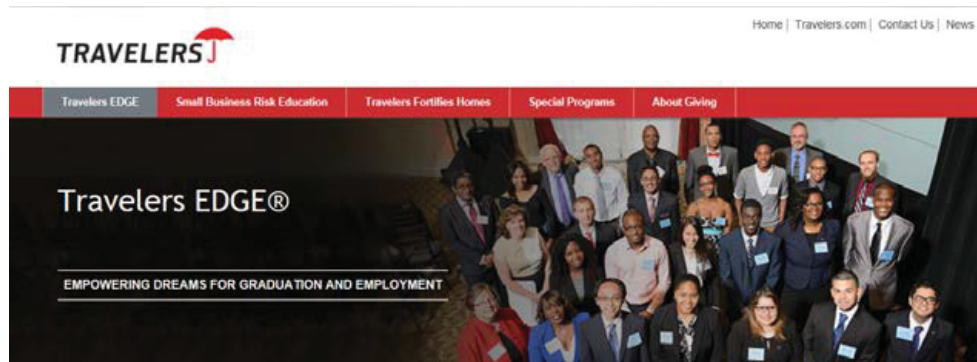

22. In addition to its insurance and financial sector business, Travelers has long been active in a wide variety of charitable and philanthropic activities, and it actively encourages its employees to do the same. Travelers contributed more than \$20 million to such activities in 2015 alone.

23. For years, Travelers and the Travelers Foundation have awarded grants and provided other funding for charitable activities, including in the areas of health and social services, education, literacy, community development, housing, and arts and culture, among others. For instance, since 2009, Travelers and the Travelers Foundation have provided more than \$65 million to help address academic success, increase career preparedness and reduce barriers to higher education. Travelers uses its famous Travelers Red Umbrella Mark to market and promote the Travelers Foundation and charitable giving services, as illustrated in the following example:

24. In addition to its grantmaking activities to a wide variety of charitable organizations, Travelers also has its own charitable programs and initiatives. For example, through the Travelers EDGE® (Empowering Dreams for Graduation and Employment) initiative,

Travelers partners with colleges, universities, high schools, and community-based programs to increase the pipeline of underrepresented students who complete bachelor's degrees. To market and promote its Travelers EDGE® program, Travelers uses its Red Umbrella Mark and images of realistic red umbrellas, as depicted in the examples below:

25. Through its Travelers Fortifies Homes program, Travelers has partnered with

Habitat for Humanity and the Insurance Institute for Business and Home Safety (IBHS) to construct affordable, fortified homes for families in coastal areas.
